Jake Demian

North Olmsted, OH
(216) 217-2177
jakedemian@gmail.com

Software Engineer, Computer Engineer, Web Developer, Game Designer

EXPERIENCE

Synapse Studios, (remote) — Senior *Software Engineer*

MAR 2021 - PRESENT

Synapse is a software development agency that provides skilled development teams to create software for businesses. I work with in-house engineers on web and mobile app development for companies that have a need for software. I use JS and TypeScript, React, Git, PostgreSQL, and Docker.

Health Street, Cleveland OH — *Web Developer*

FEB 2019 - MAR 2021

Feature development and maintenance of health-street.net using React, Node.js, JavaScript, PHP, AWS, and HTML/CSS.

EDUCATION

The University of Akron, Akron OH — *Bachelor of Science in Computer Engineering, minors in Mathematics and Computer Science*

Fall 2010 - Spring 2015

Studied Computer Engineering from 2010-2015 in a 5 year co-op program. I did 3 co-op semesters, two at STERIS and one at Nanotronics Imaging.

PERSONAL PROJECTS

Personal Website — *https://jakedemian.dev*

Made with React & TypeScript, hosted by Vercel

3D Craft Designs — *https://3dcraftdesigns.com*

My wife and I run our own 3D printing Etsy shop for fun!

Intro Boutique — *https://introboutique.com*

I assist my wife and her co-workers in maintaining their Shopify site.

Sapphire Lake — *https://prime-ape-games.itch.io/sapphire-lake*

Relaxing fishing sim I made in a few weekends.

PROGRAMMING LANGUAGES

TypeScript
